

Ceili Mor Academy of Dance

Parent Newsletter | Term 2, February 2026

A note from Jean

Dear parents, the new year has started with real energy on the studio floor. Thank you for the care you take getting your dancers to class on time and ready to work. A few things to share as we move through the term.

Five Elements, our December premiere

Our advanced troupe is deep in preparation for Five Elements, a new full-length work that opens the winter festival season at the Chennai Arts Festival this December. This is the most ambitious piece the academy has staged. Troupe families will receive a separate rehearsal schedule for the autumn. Tickets will go through the festival box office nearer the date.

Emma Walsh's solo debut

We are very proud that our senior-most student, Emma Walsh, gives her solo debut on 16 January 2027 at Kalaivanar Auditorium. Emma has trained here for years and has earned this moment. All academy families are warmly invited. Details to follow.

Spring recital

Every level, beginner to advanced, performs in our spring recital. Tickets and practice-wear are available through the academy shop on the website. Please order soft shoes early so we can fit before the dress run.

A small request

Please keep fees up to date through the term so the academy can plan the season well. If anything is ever difficult, speak to me directly and quietly, and we will find a way. No child of mine loses their place over money.

With warm wishes for the term ahead,
Jean Mullen, Artistic Director
