Office and miscellaneous	\$2,080.00
Total operating expenses	\$65,360.00
Summary	Amount
Net operating income	\$10,640.00
Operating margin	14.0%

Notes

Revenue held steady against January and runs about 12 percent ahead of the same month last year. Margin sits at 14 percent. The plan is to lift that toward 18 percent once the performance lab opens this fall and the new testing services come online.

The performance lab buildout is tracked as a separate capital project and is not included in the operating figures above. Budget on that project is \$120,000.00 with about \$52,000.00 spent to date.
