Triglycerides	74 mg/dL	under 150
Fasting glucose	88 mg/dL	70 to 99
Vitamin D	44 ng/mL	30 to 80

Assessment and Plan

Mr. Hall is in excellent health and trains as a competitive athlete. Bloodwork is strong across the board and the resting heart rate reflects a high level of conditioning. We discussed the prior right shoulder repair, which remains stable, and he continues annual maintenance with sports medicine. Continue current supplements and training. Recommend a follow up physical in February 2027 with the same lab panel.
