Jan 28	Phone service	-\$58.00
	Closing balance	\$2,831.00

Summary of Activity

Three deposits arrived during the period: Social Security on the third, the school district pension on the same day, and the church payroll on the sixth. Together they total \$3,250.00 in monthly income. Withdrawals covered the property tax escrow, utilities, groceries, insurance, a pharmacy copay, and the phone bill, along with the standing transfer of \$1,500.00 into the savings account.

The account stayed comfortably in the positive throughout the month, with no overdrafts and no returned items. The closing balance of \$2,831.00 carries forward into February as the working cushion for the next round of bills.

Gary banks in person at the Main Street branch and keeps a paper copy of each statement. Direct deposit and the automatic savings transfer require no monthly action.
