

Retirement Income Summary

618 South Kline Street, Aberdeen, SD 57401 | (605) 555-0182 | gary.pittman@greenridertech.co

This summary lays out the household income for reference. After thirty eight years keeping Aberdeen Central High School in good order and several more years of part time work since, the monthly income is steady, modest, and more than enough for a paid off house and simple tastes.

Monthly Income Sources

| Source           | Description                                          | Monthly amount |
|------------------|------------------------------------------------------|----------------|
| Social Security  | Retirement benefit, direct deposit                   | \$1,850.00     |
| District pension | Aberdeen School District, 38 years custodial service | \$800.00       |
| Church work      | Part-time custodian, Bethlehem Lutheran Church       | \$600.00       |
| Total            | Combined monthly income                              | \$3,250.00     |

The Sources Explained

Social Security is the largest single source and the foundation of the budget. The pension reflects a long career as head custodian, paid monthly by the school district. The church pay comes from three mornings a week at Bethlehem Lutheran, where Gary handles maintenance, repairs, and setup for services and events. The work keeps a shape to the week as much as it adds to the income.

Annual View

|                            |                                           |
|----------------------------|-------------------------------------------|
| Annual income              | \$39,000.00 (monthly \$3,250.00 times 12) |
| Estimated monthly expenses | \$1,320.00                                |
| Estimated monthly surplus  | \$1,930.00                                |
| Reserve balance            | \$34,000.00 in savings                    |

Expenses run about thirteen hundred dollars a month, which leaves a comfortable surplus. That surplus goes to savings, to gifts and a small college fund for the grandchildren, and to keeping the house and truck in good repair.
