

Pharmacy Record Summary

618 South Kline Street, Aberdeen, SD 57401 | (605) 555-0182 | gary.pittman@greenridertech.co

This record lists the active prescriptions on file, their most recent fill dates, and remaining refills. It is provided so you can keep track of when each medication is due and confirm that nothing has lapsed.

Patient

Patient	Gary Pittman
Date of birth	November 12, 1955
Prescriber	Dr. Robert Strand
Coverage	Medicare Part D

Active Prescriptions

Medication	Quantity	Last filled	Refills left
Tiotropium inhaler	1 inhaler	January 12, 2026	3
Albuterol inhaler	1 inhaler	December 2, 2025	2
Lisinopril 10 mg	90 tablets	January 12, 2026	4
Vitamin D 2000 IU	90 tablets	November 18, 2025	5

Notes from the Pharmacist

The maintenance inhaler and the blood pressure tablet were filled together in January and should last through the spring. The rescue inhaler is used only as needed and tends to last several months. When the rescue inhaler runs low, please request a refill before it is empty so there is no gap.

Cost Summary

Total out of pocket cost for the period was \$46.00 under the Medicare Part D plan. Pickups are at the Main Street pharmacy, where the staff know Gary by name and call when a refill is ready.
