

Service Recognition Letter

618 South Kline Street, Aberdeen, SD 57401 | (605) 555-0182 | gary.pittman@greenridertech.co

To whom it may concern,

It is my pleasure to recognize Gary Pittman for his steady and dependable service to Bethlehem Lutheran Church. For several years now, Gary has kept our building and grounds in excellent condition. He arrives early three mornings each week, handles repairs large and small without being asked twice, and treats the church property as carefully as he treats his own home.

Beyond his paid work, Gary is the kind of man a congregation is fortunate to have. He clears the walk before anyone slips, fixes the stuck door before anyone complains, and quietly helps older members carry things to their cars. He does not seek thanks for any of it, which is exactly why it deserves to be named.

Gary came to us after thirty eight years keeping the high school in good order, and that same care shows in everything he does here. We are grateful for his work and, more than that, for his presence among us.
