How to file a claim

Report a loss as soon as it is safe to do so through the insurer app. Keep a short list of what was lost with rough values and any photos you already have. Most small claims are reviewed quickly, and approved personal property claims are paid after the \$250 deductible.

The Giveback

Premiums that are not paid out in claims each year are donated to a cause the policyholder selects. This is part of how the plan is structured and does not reduce your coverage in any way.

This declarations packet is for your records. Keep it with your lease and tax papers. Questions about coverage or billing can be handled entirely in the insurer app.
