5 percent cash back categories this quarter activated. Pay in full to avoid interest. Cash back balance \$11.40.

Transaction Detail and Interest

Cardholder Jennifer A. Williams. Account ending 3044. Statement closing January 18, 2026. Payment due February 12, 2026. This continues the monthly statement with interest detail and rewards.

Interest charge calculation

The previous balance of \$96.40 was paid in full, so no interest was charged this period. Paying the statement balance by the due date each month keeps the interest at zero.

Balance type	Balance subject to rate	Annual rate	Interest
Purchases	\$0.00	18.99% variable	\$0.00
Cash advances	\$0.00	24.99% variable	\$0.00
Total			\$0.00

Payment information

New balance \$214.86. Minimum due \$25.00 by February 12, 2026. Paying the full new balance avoids all interest and keeps the account in good standing, which supports a credit score near the high 600s.

Cash back this period

The rotating 5 percent categories are activated for the quarter. The cash back balance stands at \$11.40 and can be redeemed at any amount as a statement credit.

Account Terms and Rewards Summary

Rewards summary

Category	Rate	This period
Rotating 5 percent	5% back	Activated
Everyday purchases	1% back	All other spend
Cash back balance		\$11.40

Key account terms

Credit line \$1,500. Purchase rate 18.99 percent variable. There is no annual fee. A late payment may add a fee and affect the rate, so autopay for at least the minimum is recommended.

Building credit

Keeping the balance well under the limit and paying in full each month are the two habits that help a student card holder build a strong history. This account is paid in full when possible in line with that plan.

Questions about a charge can be raised within sixty days. This is a personal account statement, keep account numbers private.
