NMBI Registration: PIN 87246113

PERSONAL PROFILE

Registered community midwife with University Hospital Galway, HSE West, with eleven years of practice spanning hospital-based labour ward and community settings. Expertise in antenatal and postnatal care, home birth attendance, and multidisciplinary team working within the HSE West maternity network.

Currently leading a midwife-led birth centre feasibility proposal and completing a part-time Masters in Midwifery Practice. Committed to evidence-based, relational care and to expanding choice for birthing families in the west of Ireland.

EDUCATION

Masters in Midwifery Practice (in progress, expected completion 2028)

National University of Ireland, Galway. Part-time, one module per semester. Year 1 literature review focused on continuity of carer models with a comparative strand drawing on the Boston midwifery research exchange cohort.

Higher Diploma in Clinical Practice (Midwifery), 2018

University College Cork. Advanced clinical competencies including advanced neonatal resuscitation, complex antenatal risk assessment, and leadership in midwifery practice.

Bachelor of Science in Midwifery, 2015, First Class Honours

National University of Ireland, Galway. Four-year direct-entry programme. Dissertation: Continuity of Care in Community Midwifery: A Review of Models in Ireland and the United Kingdom.

Leaving Certificate, 2011

Clifden Community School, Co. Galway.

PROFESSIONAL REGISTRATION

Nursing and Midwifery Board of Ireland. Registered Midwife, PIN 87246113. Registration current and in good standing. Renewal cycle: biennial.

EMPLOYMENT

Community Midwife, permanent. University Hospital Galway, HSE West. October 2019 to present.

Delivering antenatal and postnatal care to women and families across Galway city and county through a rotational community-and-on-call schedule. Providing continuity of carer to a caseload of approximately 35 to 40 families at any point. Attending planned and unplanned home births within the UHG catchment area. Contributing to the postnatal home visit pathway redesign project and leading the multidisciplinary community birth centre working group.

Staff Midwife, Labour Ward. University Hospital Galway, HSE West. September 2015 to September 2019.

Full-time hospital-based midwifery on the UHG labour ward. Management of labour and birth across all risk categories. Advanced neonatal resuscitation first responder. Mentorship of student midwives on clinical placement from NUIG.
