Re: Prospective Student Athlete, Tyler Fields

Dear Mr. Fields and Tyler,

My name is Coach Brian Mercer, assistant coach for Scioto Valley University men basketball. We have been following Tyler this season at Ridgewood Academy, and Coach Dave Peterson speaks highly of him. Tyler vision as a point guard, his decision making, and the way he leads on the floor have caught our attention.

This letter is an expression of recruiting interest. Under recruiting rules we are reaching out as Tyler continues his junior year, and we would like to keep an open line as he develops. We were impressed with his nineteen point, ten assist night against Dublin Jerome and want to see more of how he runs an offense under pressure.

Academics come first. We were glad to see Tyler carries a strong grade point average and an interest in business, which is one of our most popular programs. Please keep us posted on his season and his grades. A campus visit can be arranged around a home game so your family can meet our staff and tour the school.

You can reach me at the basketball office or by email at bmercer@sciotovalley.edu. We look forward to staying in touch.

Sincerely,
Coach Brian Mercer
