Policy Explanation and Service

Understanding Your Coverage

Bodily injury and property damage liability pay for harm you cause to others. Comprehensive covers damage from events such as theft, weather, and animals, while collision covers contact with another vehicle or object. Uninsured motorist protects you if an at fault driver has no coverage. Each deductible is the amount you pay before the policy responds.

Discounts and Credits

Discount	Applied	Note
Safe driver	Yes	No at fault claims on record
Paid in full history	Yes	Consistent on time payment

Service and Claims
