

Babs's Potato and Cheese Pierogi - Family Recipe

From the Kitchen Drawer

This is the dumpling recipe kept in the plastic sleeve in the kitchen drawer, learned from Mary and refined over decades. It makes about four dozen pierogi.

Dough

Mix four cups of flour, one egg, a teaspoon of salt, and about one cup of warm water. Knead until smooth, cover, and rest the dough for thirty minutes.

Filling

Boil and rice three large potatoes. Fold in a cup of farmer cheese, a pat of butter, salt, and white pepper. Let the filling cool before assembling.

Assembly

Roll the dough thin and cut three-inch rounds. Place a spoon of filling on each, fold, and pinch the edges tight so they hold in the water.

Cooking

Boil in batches until they float, about three minutes. Finish in a cast-iron skillet with butter and onion until the edges brown. Serve hot.
