

Steelers Season Notes - Section 527

The Seats

Two season tickets in Section 527, held since 1991. One seat once belonged to Babs; both are kept. The cost runs 2,400 dollars per year, split with Donnie.

Game-Day Routine

Check the morning forecast before any tailgate. Arrive early, grill in the lot, and walk up for kickoff. Jack often falls asleep on a shoulder by the third quarter.

Following the Team

Knows the roster back to the Steel Curtain. Follows the beat writers and scores through the season and keeps up with highlights in the evenings.

Flex Scheduling Reminder

Kickoff times can move with flex scheduling late in the season. Always confirm the time the week of the game before making tailgate plans.
