

KENSINGTON COMMUNITY GARDEN

Winterization Workday Run of Show, Saturday 2026-10-24

East Allegheny Avenue site, Kensington, Philadelphia. Lead partner Carlos Mendez, Community Programs Director, Kensington CDC. Lead volunteer partner Emily Porter, Porter & Koval Plumbing LLC.

Volunteer Target

Workday Target Headcount	38 volunteers, derived from the Yes RSVP count net of the three Notes cancellations
Roster Source	Airtable base appPKplumbing001 table tblVolunteer0001, snapshot 2026-10-23 evening
Gate Open	06:00 Eastern Time, sunrise
Briefing	06:30 Eastern Time, safety briefing at the pavilion
Wrap and Lunch	11:30 Eastern Time
Coordination Contact	Carlos Mendez, Kensington CDC, (267) 555 0182, carlos.mendez@kensingtoncdc.example

Schedule of the Day

Time	Activity
06:00	Gate open, sign in at the East Allegheny Avenue entrance. Sign in sheet at the pavilion.
06:30	Safety briefing led by Emily Porter and Carlos Mendez. Tools assigned. Sign out at the tool station.
07:00	Work Block A. Three crews. Crew One mulch beds. Crew Two drain caps and irrigation winterization. Crew Three tarp the beds that are already mulched.
09:30	Coffee and pastry break at the pavilion. Brief thank you remarks by Carlos Mendez.
10:00	Work Block B. Crews rotate. Cross check on completion of mulch coverage and drain caps.
11:30	Wrap. Tool return at the tool station. Lunch served at the pavilion.

Materials and Crew Assignments

Item	Quantity	Source
Premium hardwood mulch, 2 cu ft bag	40 bags	Home Depot Aramingo Avenue 4625, picked up 2026-10-22
Drain caps, six inch	30 caps	Porter & Koval shop stock
Irrigation antifreeze, food safe	12 gallons	Porter & Koval shop stock
Tarps, ten by twelve	8 tarps	Porter & Koval shop stock
Hand tools, mixed	30 sets	Kensington CDC tool library
Wheelbarrows	6 units	Kensington CDC tool library
First aid kits	3 kits	Pavilion table
Sign in sheet, blank	1 sheet	Clipboard at pavilion table

Weather Outlook

Forecast Source	OpenWeather, Philadelphia 19125, snapshot 2026-10-23 evening
Morning Temperature	48 degrees Fahrenheit
Afternoon Temperature	56 degrees Fahrenheit
Precipitation Probability	0.15
Frost Risk	None on the morning of 2026-10-24
Recommendation	Workday proceeds as planned. Carry light layers for the early shift.

Safety Notes

All volunteers must sign the workday waiver at the pavilion before being assigned a task. The waiver covers basic outdoor work and tool use.

Lifting protocol. Two volunteer lift on any load over forty pounds. Mulch bags are seventy pounds wet and require team lift.

Tool sign out. Every tool returns to the tool station at wrap. The tool sign out sheet is the record.

Site coordination is led by Emily Porter and Carlos Mendez. Any incident requires immediate report to both.

Thank You and After Action

Volunteer thank you notes will be drafted by Emily Porter on the afternoon of the workday and queued as Gmail drafts under her account. The thank you copy follows the Porter & Koval template stored in the shared drive at /templates/volunteer_thankyou_kensington.docx and is restricted from including any personal health or family information.

After action review is scheduled for Monday 2026-10-26 at 09:00 Eastern Time on a brief video call between Emily Porter and Carlos Mendez. Topics include headcount accuracy, materials usage, and feedback for the spring 2027 workday.

Photos from the day will be uploaded to the Kensington CDC Dropbox folder /workdays/2026-10-24/ within a week of the workday and a selection will be shared with the volunteer mailing list.
