Coverage window after lapse	None
Notice reference	MERCER-PK-001
Broker of record	Cassidy Greer, Mercer Insurance Brokerage

Dear Emily,

This notice confirms that the commercial general liability policy POL-PK-GL-2026 carried in the name of Porter & Koval Plumbing LLC has lapsed effective 11:59 PM Eastern Daylight on October 22 2026. The renewal premium of two thousand four hundred dollars was scheduled through your Xero ACCPAY ledger as invoice i0000036-0000-0000-0000-000000005036 but the payment was not actually processed. As a result there is no active coverage window between Porter & Koval Plumbing LLC and Mercer Insurance Brokerage on the general liability product as of the date above.

While the policy is lapsed, your crew cannot be considered insured for any new third party site work for which Porter & Koval Plumbing LLC would otherwise carry the general liability exposure. This constraint is independent of dollar value and supersedes any internal per job spending ceiling. Existing jobs that were scoped and scheduled inside the prior coverage window prior to the October 22 2026 lapse are grandfathered through the end of the original work order. No new bookings, no new estimates given to prospective customers, and no urgent rapid response quotes may be issued under the Porter & Koval

Plumbing LLC banner until reinstatement.

To reinstate, please remit the two thousand four hundred dollar renewal premium against invoice i0000036-0000-0000-0000-000000005036 in your Xero ACCPAY ledger. On receipt I will issue the binder confirmation by email to emily.porter@Finthesiss.ai and update the broker file BROKER-CG-001 in your Notion insurance renewal status page page-insurance-renewal-2026.

I will be available by phone at the Mercer line between 09:00 and 17:30 Eastern on Monday October 26 2026. If you need a faster turn please reply to this notice with your preferred payment method.

Best regards, Cassidy Greer, Senior Commercial Broker, Mercer Insurance Brokerage, MERCER-PK-001.
