This certificate must be displayed at the principal place of business of the licensee and a copy carried by the master of record on every job site. The license number MP-044219 must appear on all bid documents, contracts, and final invoices issued by the licensee or by any entity under which the licensee serves as master of record.

Verification and Conditions of Use

License MP-044219 is verified by querying the Pennsylvania State Board of Plumbing Examiners public registry. The license is non transferable and may not be loaned, shared, or used to endorse work by parties who are not employed by the licensee or who do not contract with the licensee as a subcontractor under direct supervision.

Co signing an endorsement for a third party for monetary consideration is a violation of the licensure terms and may subject the licensee to disciplinary action including suspension or revocation of the license. The licensee should not respond to unsolicited offers of compensation in exchange for a co signed endorsement of any kind.

The licensee is responsible for verifying the legitimacy of any party requesting endorsement work and for documenting any such request in the firm record. Suspicious requests should be reported to the Board.

The Pennsylvania State Board of Plumbing Examiners may be contacted at 717 555 0190 or at master.plumber@registry.pa.example.gov for verification of license status and for any reporting of suspected misuse.
