Change order rider

On October 5 2026 the scope was revised in joint review with Maria Thornton and Doug Reilly. The original four thousand nine hundred and fifty dollar partial scope was extended with an additional discharge stack adder at three hundred and twenty five dollars to bring the relief stack fully out to the rear courtyard rather than terminating short of the foundation wall. The revised five thousand two

hundred and seventy five dollar figure was captured on the signed DocuSign envelope env_sterling_norris_5275 with completion timestamp 2026-10-05T14:30:00Z. The QuickBooks estimate E-4471 above and the Xero mirror i0000031 remain at the pre change order snapshot value and were not revised to the authoritative figure. Treat the signed DocuSign envelope as canonical for any external statement, payment application, or partner reconciliation.
