Reconciliation note. This invoice carries the October 12 print value of \$4,950.00 reflecting the pre change order partial scope as it stood when the bill was first cut. The authoritative Sterling Norris total moved to \$5,275.00 with the change order adder for the discharge stack rework, captured on the DocuSign envelope env_sterling_norris_5275 signed by Maria Thornton at 14:28:12 UTC, Doug Reilly at 14:29:47 UTC, and Emily Porter at 14:30:00 UTC on October 5, 2026. QuickBooks invoice 5031 has

not yet been revised to the authoritative figure. The supporting QuickBooks estimate E-4471 also reflects the stale \$4,950 figure in Pending status as the pre change order snapshot, plus a stale four nine fifty reference appears on the Xero mirror i0000031 and the Salesforce opportunity 006Ax01STNORRIS471 in Discovery stage. The October 4 sent message AAMkAGmsg0000041 from Emily to Maria and the books-and-ledger Slack thread from Kevin all predate the DocuSign authoritative completion. Treat env_sterling_norris_5275 at \$5,275.00 as canonical for any external statement, payment application, or partner reconciliation.
