This closeout summary documents the completion of job code PK-4389 at 2103 East Norris Street for Sterling Property Management. The job covered relining the kitchen drain stack from the trap arm to the building branch and a complete trap rebuild with a new chrome plated tailpiece, slip nuts, and a new continuous waste fitting under the prep sink.

Final invoice for this job was issued on August 28 2026 in the amount of four thousand eight hundred twenty five dollars. Payment was received via ACH on September 5 2026 and the QuickBooks ledger reflects the payment as cleared. No outstanding balance remains.

PK-4389 is a separate job from the active PK-4471 work at 2148 East Norris and the closed PK-4203 work at 2156 East Norris. All three jobs share the Norris Street shorthand commonly used in field notes; reconciliation work should disambiguate to the explicit job code on every document to avoid co mingling balances or scope.

The drain reline used a cured in place liner rated for hot waste from the prep sink and the dishwasher branch. Code stamp was issued by the Philadelphia inspector on the install day. A pressure and flow test was performed by the crew before close out and showed full flow at every fixture on the branch.

Warranty on the workmanship of the PK-4389 install is in effect through August 21 2027. Manufacturer warranty on the liner material is separately tracked per the manufacturer terms.

No further action is required on PK-4389. This document is filed in the QuickBooks closed jobs archive at the path /jobs/2026/PK-4389/closeout.pdf and is mirrored in the Salesforce account record for Sterling Property Management.
