PorterClayWorks 2025 booth debrief

Rain in the morning slowed the first hour but the afternoon was strong. Sold 14 mugs, 6 bowls, 2 platters, and a soup crock. Square total around 780 dollars. Made three new mailing list signups at the tablet. Cedar stayed home.

Lessons for next spring: bring more small pieces for the walk up crowd, keep the platter table under the tent (rain droplets left streaks on the glaze demo).

Archived reference. Not the current festival. Riverbank is on the tenth of this month.
