

Sponsor Book Q4 2026 Realized and 2027 Renewal Ledger

Status: draft, awaiting Carlos Reed approval. Draft-only. No outbound.

Prepared: January 30, 2027. Coverage window: Q4 2026 realized through June 1, 2027 return.

Scope

Sponsor by sponsor walk of Reed Security Notes 2026 sponsorship book. Fifteen sponsor rows. Each entry shows CRM closed-won, Stripe settled, QuickBooks primary ledger, Xero secondary, open receivable, and renewal status. Reconciliation names the trusted source and the set-aside.

Reconciliation Rule

Payment processor plus newest ledger entry wins. HubSpot closed-won is treated as pipeline intent, not realized revenue. Stripe settled amount plus QuickBooks primary posting is the truth. Xero secondary ledger is reviewed as a check and flagged where it disagrees.

Totals

CRM closed-won total	\$51,500.00
Stripe settled total	\$48,100.00
QuickBooks primary total	\$48,100.00
Xero secondary total	\$51,050.00
Open receivable total	\$3,400.00

Renewal Segmentation

Renewal outreach drafts staged in CRM only. No send. Rate proposals held for Carlos read. Sponsors on hold or exclusion are not touched. See `sponsor_renewal_outreach_drafts.md`.
