CARRYFORWARDS AND CREDITS

No net operating loss carryforward. Tennessee franchise and excise tax paid in full. Qualified business income (Section 199A) deduction applied at the pass-through level; verify wage and property limits again for 2026 as payroll grows with Brand's onboarding.

PLANNING NOTES

- Consider adjusting owner distributions timing to smooth Q4 estimated payments.
- Revisit the SEP-IRA versus solo 401(k) question before year end for a higher deferral ceiling.
- Bring the October bank-versus-books reconciliation to the quarterly review so the estimates stay accurate.
