How Your Taxes Are Calculated

Each taxing unit sets a rate expressed per 100 dollars of taxable value. The amount for a unit equals the taxable value divided by 100, multiplied by that rate. The total due is the sum across all units that levy on this property.

Payment Information

This account is paid through a mortgage escrow arrangement with the loan servicer. The servicer remitted payment in full before the January 31, 2026 due date. No balance remains for the 2025 tax year.

Date	Description	Amount	Status
2026-01-22	Escrow disbursement from servicer	\$11,936.70	Posted
2026-01-24	Payment applied in full	\$11,936.70	Paid

Taxpayer Rights

Property owners may review the appraised value each spring and file a protest with the appraisal district within the posted window. Exemption applications and changes are handled through the appraisal district, not the tax office. Keep this statement for your income tax records.
