Inspection findings

Brakes: front pads at 7 mm, rear at 8 mm. Good.

Battery: tested good, 620 CCA.

Tires: even wear, rotated. Recommend next rotation by 28,000 miles.

Fluids: topped washer fluid. All others within range.

Next service

Next oil change due around 27,000 miles or October 2026, whichever comes first.

The October cabin drive to Blowing Rock is on the calendar; a pre-trip check is a good idea before October 12, 2026. See P06 for the trip itinerary.

Thank you for your business. Invoice retained for the household maintenance file D08.
