Teacher's Comment

Sophia is a bright and enthusiastic learner who particularly excels in Creative Arts and English. She engages actively in class discussions and is always willing to help her classmates. Her drawings are imaginative and show a strong natural eye for colour and composition. She should continue to build confidence in Mathematics by practising number bonds at home. A pleasure to teach.

Head Teacher's Remark

An outstanding academic performance for Primary 1. Sophia demonstrates maturity and curiosity beyond her years. Well done. Promoted to Primary 2.
