

Planning and Design Overview

Campbell Events 2026 Season

Campbell Events is a boutique wedding and event planning studio founded in 2012 and led by Mark Campbell. We take a limited number of weddings each season so that every couple works with the planner directly. The work is logistics in service of feeling: a room that runs on time and still feels effortless.

Services

- Full-service planning and design, from concept through breakdown.
- Partial planning for couples who have started and need help across the line.
- Day-of coordination, executed by our team so the couple can be guests.
- Design and styling: palette, florals, lighting, tablescape and signage.
