Schedule A aggregate insured value			\$20,415	\$18,895	Total deductible aggregate \$1,425

Insured value declared for premium calculation purposes: \$11,400 (the figure used at policy bind in Jan 2026; reflects active-use equipment only and excludes the backup A7IV body, backup tether cable, and SD/SSD aggregates). The Schedule A above includes ALL equipment, with the backup body and accessory aggregates added via E-001 inland marine extension mid-term (Apr 2026). Premium was NOT re-rated; endorsement absorbed by the underwriter as a small-business goodwill gesture at the mid-term add.

2. Coverage matrix (loss type x sub-limit)

Loss type	Covered?	Sub-limit	Notes
Accidental damage on set (drop, spill, impact)	Yes	Full insured value	Standard commercial photographer form
Theft with forced entry	Yes	Full insured value	Police report required within 48 hr
Theft from vehicle (locked, daytime)	Yes	\$5,000 sub-limit per incident	Vehicle must be locked; monitored garage counts
Theft from vehicle (unlocked or overnight)	Excluded	\$0	Industry-standard exclusion
Fire / smoke damage	Yes	Full insured value	At home studio or on set
Water damage (not flood)	Yes	Full insured value	Pipe burst, HVAC leak, spilled drink
Flood (rising water)	Excluded	\$0	Separate NFIP coverage required
Civil unrest / riot	Yes	Full insured value	
Acts of war, nuclear hazard	Excluded	\$0	Industry-standard exclusion
Intentional damage (insured or insured's agent)	Excluded	\$0	Industry-standard exclusion
Cyber loss (ransomware on body firmware)	Excluded	\$0	Cyber rider available separately

Worldwide transit (E-002): coverage extends to commercial-carrier transit anywhere in the world. Personal carry-on extends to within North America only (US 50 states, Canada, Mexico). International personal carry-on requires a separate per-trip endorsement, \$25 per trip, request 5 business days in advance.

Small studio liability rider (E-003): adds \$300,000 general liability coverage for incidents at the home studio (142 N 10th St unit 4B), e.g., assistant injury on shoot day. Does NOT cover client commercial liability; that requires a separate Page Studio LLC commercial general liability policy.

3. Exclusions (read carefully)

1. Acts of war, nuclear hazard, intentional damage by insured or insured's agent.
2. Equipment left unattended in a vehicle overnight. 'Overnight' means between 10 PM and 6 AM local time at the vehicle location; vehicle must be in a monitored garage to qualify for the \$5,000 daytime vehicle sub-limit anyway.
3. Equipment outside the listed serials on Schedule A. Add new items via mid-term endorsement (E-form on the TCP customer portal); no charge for additions under \$1,000 insured value; over \$1,000 triggers a pro-rated premium adjustment (typically +\$2 to +\$8/mo per \$1,000).
4. Loss greater than \$18,895 aggregate (excess coverage available by separate endorsement; quote on request from TCP customer service).
5. Cosmetic damage that does not impair function (e.g., body scratch, slight dent in modifier ring). Functional repair claims are covered; cosmetic-only claims are not.
6. Equipment used outside the scope of the named business activity (food and lifestyle photography per declared use). Wedding, sports, or wildlife use requires a separate endorsement or different coverage form.
7. Loss caused by gradual wear and tear, corrosion, mold, fungus, or insect infestation.
8. Mysterious disappearance (loss without evidence of theft or specific incident). Coverage requires a documented incident (police report, witness statement, or shoot-day chain-of-custody log entry).
9. Loss to data on media or storage devices. Physical replacement of the device is covered; data-recovery costs are not (separate data-recovery service is a Jesse-side expense).
10. Loss caused by manufacturer defect (covered by manufacturer warranty, not by this policy).

4. Inland marine + transit endorsements (E-001 + E-002)

E-001 Inland marine extension: extends coverage to all listed Schedule A items when in transit between any two US locations via owned vehicle, commercial carrier (UPS, FedEx, USPS), or freight. No additional premium.

E-002 Worldwide transit: extends E-001 to commercial-carrier transit anywhere in the world. +\$8/mo premium add-on (already in the \$48/mo base).

5. Claims procedure

Step 1. First notice of loss within 48 hours of incident via 1-800-TCP-CLAIM (24x7). Provide policy number TCP-NYC-2026-0814, named insured Jesse Page or Page Studio LLC, brief description of incident, and item serial(s) involved.

Step 2. Submit incident documentation within 7 calendar days of first notice: (a) photo of damaged item (if accident or damage); (b) police report case number (if theft, vandalism, or vehicle break-in); (c) chain-of-custody log or shoot-day call sheet (if location loss); (d) any third-party witness statement.

Step 3. TCP adjuster (assigned within 5 business days) contacts insured for additional documentation or in-person inspection if loss value exceeds \$2,500.

Step 4. Coverage determination within 14 calendar days of complete documentation. Payment authorization within 7 calendar days of determination.

Step 5. Payment via direct deposit to insured's policy-on-file Chase Business Checking xxx-4471 OR check by mail to policy-on-file address.

Typical full resolution: 14 to 21 calendar days from first notice for a straightforward single-item claim; 30 to 45 calendar days for complex or multi-item incidents.

Recent claim history (last 24 months): zero claims filed on this policy. Clean record qualifies for the small-business loyalty tier discount (-\$3/mo) at Dec 2026 renewal if maintained.

6. Billing and renewal

Premium: \$48.00 per month, billed in advance. Plaid auto-debit from Chase Business Checking xxx-4471 on the 8th of each month.

Late payment: if the Plaid debit fails and the retry on the 10th also fails, insured has a 10-day grace period. After grace, policy suspends pending payment. Suspended coverage does NOT retroactively apply once reinstated; any loss during suspension is uninsured.

Renewal: auto-renews Dec 31 unless insured provides 30-day written notice to opt out. Renewal quote sent 45 days before expiry (mid-Nov 2026). Rate change (if any) requires 60-day notice.

7. Endorsements in force

E-001 Inland marine extension: extends coverage to all listed Schedule A items when in transit between any two US locations via owned vehicle, commercial carrier (UPS, FedEx, USPS), or freight. No additional premium.

E-002 Worldwide transit: extends E-001 to commercial-carrier transit anywhere in the world. +\$8/mo premium add-on (already in the \$48/mo base).

E-003 Small studio liability rider: adds \$300,000 general liability for incidents at the home studio (142 N 10th St unit 4B). +\$5/mo premium add-on (already in the \$48/mo base).
