

Calvary Baptist Church

New Sanctuary Building Campaign

Financial Summary as of October 1, 2026

CURRENT — This document reflects cleared receipts through September 30, 2026 and supersedes all prior summaries including the committee binder figure of \$1,200,000 circulated during the summer drive.

1. Campaign Overview

The New Sanctuary Building Campaign was launched in January 2024 with a congregation-wide goal of \$1,800,000 to fund construction of a new 450-seat sanctuary, renovation of the existing fellowship hall for expanded youth ministry, and a reserve cushion for contingencies. Pledge cards were distributed at the January 2024 kick-off dinner and collection began February 1, 2024.

This summary is prepared from the authoritative PayPal clearing records and reconciled against the QuickBooks Church Campaign Fund ledger. Both sources agree on the figure below.

Metric	Amount
Campaign target	\$1,800,000.00
Total cleared receipts to date	\$1,178,450.00
Remaining gap to target	\$621,550.00
Outstanding pledges (partial, still owed)	\$63,200.00
Lapsed pledges (pledged, nothing cleared)	\$22,000.00
Total pledged (cleared + outstanding + lapsed)	\$1,263,650.00
Effective collection rate (cleared / pledged)	93.3%

2. Collection Method Breakdown

All campaign gifts are processed through the church PayPal Business account and recorded as individual capture transactions. As of the September 30, 2026 cutoff:

Channel	Transactions	Amount
PayPal online giving portal	112	\$843,200.00
PayPal card-present (Sunday kiosk)	28	\$198,750.00
PayPal invoice (major donors)	10	\$136,500.00
Total PayPal captures	150	\$1,178,450.00

Note: The summer committee binder carried a rounded \$1,200,000 figure based on a preliminary tally that included uncleared pledges. That figure is now superseded. The authoritative cleared total is \$1,178,450.00.

3. Pledge Status Detail

The pledge rolls carry 158 unique donors. Their statuses break down as follows:

Category	Count	Pledged	Cleared	Owed/Lapsed
Paid in full	137	\$1,115,450.00	\$1,115,450.00	\$0.00
Partial (still owed)	13	\$126,200.00	\$63,000.00	\$63,200.00
Lapsed (no payments)	8	\$22,000.00	\$0.00	\$22,000.00
Totals	158	\$1,263,650.00	\$1,178,450.00	\$85,200.00

4. Notable Accounts Requiring Attention

Harold Bingham

Mr. Bingham pledged \$10,000 to the campaign. PayPal records show one cleared capture (CAP_ED0000) for \$6,000 dated March 15, 2025. The remaining \$4,000 has not cleared. His pledge status is **partial**. The summer committee binder incorrectly listed him as '\$10,000 PAID IN FULL.' That notation was based on his verbal commitment at the spring deacons' dinner and was never reconciled against actual clearing records.

Recommended action: Pastor Whitfield and Ed should discuss a gentle follow-up approach. Do not disclose individual pledge amounts outside the pastor-treasurer pair.

Anonymous Lead Gift (Tanner Family Foundation)

A single capture of \$152,450.00 was received June 1, 2025 and is fully cleared. This gift represents the largest individual contribution to the campaign.

Lapsed Pledges

Eight donors who signed pledge cards have made no payments. Their combined pledged amount is \$22,000. These pledges are now classified as lapsed. The finance committee may elect to write these off at the December year-end review.

5. Reconciliation Notes

The cleared total of \$1,178,450.00 is confirmed by three independent checks:

Source	Figure	Status
PayPal captures (150 rows, all COMPLETED)	\$1,178,450.00	Authoritative
QuickBooks Church Campaign Fund (acct-ccf)	\$1,178,450.00	Agrees
Pledge rolls cleared column (sum of 158 donors)	\$1,178,450.00	Agrees
Committee binder (summer 2026)	\$1,200,000.00	SUPERSEDED

6. Gap Analysis and Path Forward

The campaign has raised 65.5% of its \$1,800,000 target. The remaining gap of \$621,550 can be partially offset by the \$63,200 in outstanding partial pledges if those donors complete their commitments. Even with full collection of outstanding pledges, a gap of \$558,350 would remain.

The finance committee is scheduled to review fundraising strategy at the October 3 meeting. Options under consideration include a year-end matching challenge, a restricted endowment draw, and phased construction.
