**Re: Project DFG GR 4471/3 - North Frisian Medieval Wreck Survey - Phase 3 Final Report Received**

Dear Prof. Dr. Gross,

We acknowledge receipt of your Phase 3 Final Report for the above-referenced project, submitted on 07.10.2025. The report has been logged by our Division of Earth and Environmental Sciences under reference DFG GR 4471/3-P3FR-2025.

We confirm that the following documentation has been received and is currently under administrative review:

| Item                                          | Received   | Status       |
|-----------------------------------------------|------------|--------------|
| Phase 3 Field Report (Main Document)          | 07.10.2025 | Under review |
| Financial Statement, Periods Jan-Aug 2025     | 07.10.2025 | Under review |
| Dive Operations Log - NF-7, Season 2025       | 07.10.2025 | Under review |
| Artifact Register, Finds NF7-001 to NF7-084   | 07.10.2025 | Under review |
| Site Photography Archive (digital submission) | 07.10.2025 | Under review |
| Conservation Disposition Report               | 08.10.2025 | Under review |

The reviewing officer will contact you if any clarifications are required. Should the documentation be complete and satisfactory, we anticipate confirming administrative closure of Phase 3 by mid-November 2025.

You are reminded that the Phase 4 planning submission (DFG GR 4471/3-P4) is due no later than 05.11.2026, in accordance with the conditions set out in the original funding agreement. We encourage you to contact your programme officer, Dr. Andrea Schreiber, in good time to discuss any adjustments to the planned Phase 4 scope, particularly with regard to the sonar anomaly target T08 identified in your Phase 3 report.

We note with appreciation the collaborative framework involving Hamburg Maritime Museum, Caledonia Maritime University, and the community consultation process led in partnership with the Frisian heritage representative. Such multi-institutional work reflects well on the programme and on your project in particular.

---

### **Administrative Note on Expenditure**

Our records indicate that the total expenditure claimed for Phase 3 is within approved budget parameters. A final audit comparison will be conducted during the Phase 3 closeout review in November 2025. Any underspend will be addressed in the Phase 4 budget discussion.

If you have questions regarding the administrative process, please contact:

*Dr. Andrea Schreiber, Programme Officer*

*Division of Earth and Environmental Sciences*

*andrea.schreiber@dfg.de*

Yours sincerely,

**Dr. Martin Hofmann**

Head of Research Infrastructure Administration
