Social studies	3	Participates well in group work
Art	4	Exceptional creativity and focus
Physical education	4	Confident and coordinated

Teacher Comments

Hannah is a thoughtful and creative student who lights up during art and hands on projects. Her drawing and craft work is among the most detailed in the class. She is kind to her classmates and a steady helper. The discipline she brings from Saturday kendo shows in how she focuses during quiet work. A wonderful trimester.

Next reporting period ends in spring. Conferences available on request.
