FOOD SERVICE INSPECTION REPORT

Establishment Name: Mykonos Taverna
License Number: 4021046
License Type: Permanent Food Service
Inspection Type: Routine (Biannual)
Inspection Date: December 9, 2025
Inspector: Carlos M. Reyes, REHS
Inspector ID: PCH-1047

Address: 721 Dodecanese Blvd, Tarpon Springs, FL 34689
Owner: Aaron Nikolaos Garcia
Contact Phone: (727) 555-0101
Seating Capacity: 85 interior / 30 patio

SCORE SUMMARY

Total Points Available: 100
Total Points Deducted: 3
Final Inspection Score: 97

VIOLATIONS FOUND

Item 1 - Priority Foundation Violation (1-point deduction)

Code Reference: 3-501.17(A) - Date Marking of Refrigerated, Ready-to-Eat Potentially Hazardous Foods

Violation: Two containers of prepared tzatziki and one container of taramosalata in the walk-in cooler were not date-marked. Establishment is preparing these items on-site and holding them for more than 24 hours.

Corrective Action Required: All prepared RTE PHF items held more than 24 hours must be clearly date-marked with the date of preparation or the discard date.

Correct By: December 23, 2025

Status: Corrected on site during inspection. Inspector verified markings applied.

Item 2 - Core Violation (2-point deduction)

Code Reference: 6-301.12 - Hand Drying Provision

Violation: Paper towel dispenser in the back-kitchen handwashing station was empty at the time of inspection. A roll of paper towels was stored on a nearby shelf rather than in the dispenser.

Corrective Action Required: Handwashing stations must be supplied at all times with a hand drying method. Restock dispensers before each service.

Correct By: December 23, 2025

Status: Corrected on site during inspection. Dispenser restocked immediately.

ITEMS OBSERVED IN COMPLIANCE (SELECTED)

- Cold holding: All foods in walk-in cooler and reach-in units held at or below 41 degrees F.
- Hot holding: Prepared soups and sauces maintained at or above 135 degrees F.
- Cooking temperatures: Lamb and chicken products verified at 165 degrees F or above.
- Employee hygiene: All observed staff in proper attire; hair restraints worn; no bare-hand contact with ready-to-eat foods.
- Facility cleanliness: Kitchen floors, walls, and equipment surfaces clean and in good repair.
- Warewashing: Three-compartment sink operational; sanitizer concentration at 200 ppm chlorine.
- Pest control: No evidence of pest activity. Last pest service October 28, 2025, by Massey Services.
- Food source: All invoices available for review; products from approved sources.
- Consumer advisory: Raw/undercooked animal product advisory posted on menu.
- Hood and suppression system: Last serviced September 14, 2025; certificate on file.

INSPECTOR COMMENTS

This is a well-managed establishment. The owner and kitchen staff were cooperative and responsive throughout the inspection. Both violations were corrected immediately upon identification. The kitchen is organized, equipment is well-maintained, and food handling practices are generally strong. This facility has a consistent compliance history.

NEXT ROUTINE INSPECTION: On or around October 2026

SIGNATURES

Inspector: Carlos M. Reyes, REHS Date: December 9, 2025

Badge: PCH-1047

Person in Charge at Inspection: George Hatzis (Head Chef)

Establishment Acknowledgment: I have received a copy of this report and understand that the violations noted must be corrected by the dates indicated.

Signature: George Hatzis Date: December 9, 2025

This report is a public record. A copy must be retained on the premises and made available for review upon request. Failure to correct violations may result in follow-up inspection, fines, or license suspension.
