ANNUAL PHYSICAL EXAMINATION SUMMARY

Patient Name: Aaron Nikolaos Garcia
Date of Birth: December 2, 1967
Age: 58

MRN: AHM-028491

Insurance: BCBS of Florida, BCB-FL-GRP-88472931
Visit Date: February 26, 2026
Visit Type: Annual Wellness Examination (AWE) - Established Patient
Provider: Robert Chen, MD
Board Certified, Internal Medicine / Primary Care
Advent Health Medical Group, Tarpon Springs

REASON FOR VISIT

Annual comprehensive physical examination.

VITAL SIGNS

Blood Pressure: 138/86 mmHg (right arm, seated, after 5-minute rest)
Heart Rate: 74 bpm (regular, strong)
Respiratory Rate: 16 breaths per minute
Temperature: 98.6 F
Weight: 218 lbs
Height: 5 ft 10 in
BMI: 31.2 (Class I Obesity)
O2 Saturation: 98% on room air

INTERVAL HISTORY

Mr. Garcia is a 58-year-old male of Greek descent, restaurateur, presenting for his annual physical. Since his last visit in March 2025, he reports:

- Ongoing management of Type 2 diabetes, hypertension, gout, and right shoulder rotator cuff injury. All conditions are followed by respective specialists.
- A1C at 7.2% per February 2026 Endocrinology visit with Dr. Patel.
- Gout flare in January 2026 (right first metatarsophalangeal joint), resolved.
- Blood pressure trending slightly above target but patient is tolerating Amlodipine.
- Right shoulder - no worsening. Patient continues home band exercises. Surgery remains deferred due to operational demands.
- Sleep: 6 to 7 hours per night. Patient denies insomnia but acknowledges late shifts.
- Alcohol: 1 to 2 glasses of wine three to four evenings per week (Greek Assyrtiko or Agiorgitiko, patient specifies). Within moderate limits.
- Tobacco: Never.
- Exercise: 8 to 10 hours of active standing and walking per shift, 5 to 6 days per week. Occasional pool swimming for shoulder rehabilitation. No structured cardio.

REVIEW OF SYSTEMS (selected positives)

Constitutional: Reports fatigue during peak restaurant season.

Cardiovascular: No chest pain, no palpitations, no dyspnea on exertion.

Musculoskeletal: Chronic right shoulder ache, worse after long shifts. Managed with ice and ibuprofen PRN. No new joint complaints today.

Endocrine: Increased thirst and nocturia (x1 nightly) consistent with known diabetes.

Gastrointestinal: No complaints. Heartburn occasional, not treated.

PHYSICAL EXAMINATION

General: Well-developed, well-nourished male, appearing stated age, in no acute distress. Alert and oriented. Conversational.

HEENT: Normocephalic, atraumatic. PERRLA. Fundoscopic exam deferred (referred to ophthalmology, see below). Oropharynx clear.

Neck: Supple. No lymphadenopathy. No thyroid enlargement.

Cardiovascular: Regular rate and rhythm. S1 and S2 present. No murmurs. No edema.

Lungs: Clear to auscultation bilaterally.

Abdomen: Soft, non-tender. Bowel sounds normal. No hepatosplenomegaly.

Musculoskeletal: Right shoulder - reduced range of motion on external rotation to 45 degrees. Pain with abduction above shoulder height. Strength 4/5 on resisted external rotation. Consistent with known partial rotator cuff tear. Left shoulder unremarkable.

Neurological: Cranial nerves II-XII intact. Sensation intact. DTRs 2+ symmetric.

Skin: No suspicious lesions identified. Mediterranean skin tone, well-hydrated.

Prostate: Digital rectal exam deferred, PSA ordered (see labs below).

LABORATORY ORDERS

Fasting lipid panel

Hemoglobin A1c

Comprehensive metabolic panel

Complete blood count

Urinalysis with reflex culture

PSA

Uric acid

Thyroid-stimulating hormone (TSH)

Results to be reviewed at follow-up or communicated by portal.

PREVENTIVE CARE COMPLETED

Pneumococcal vaccine (PPSV23): Administered 2022. Next PCV20 due 2027.

Influenza vaccine: Administered October 2025 (at pharmacy).

Tetanus/Tdap: Last administered 2019. Due 2029.

Colonoscopy: Completed September 2023, 10-year recall.

Abdominal aortic ultrasound: Completed 2024 per prior screening protocol.

SPECIALIST COORDINATION

Endocrinology (Dr. Anand Patel, Ravenswood Medical): A1C monitoring ongoing.

Next appointment coordinated per Dr. Patel's office.

Rheumatology (Dr. Lisa Fernandez, BayCare Rheumatology): Gout management ongoing.

Orthopedics (Dr. James Mitchell, Florida Orthopaedic Institute): Shoulder monitoring.

Patient declines surgical intervention at this time. Conservative management ongoing.

Ophthalmology: Referral placed today for annual diabetic eye exam. Patient to schedule directly with Tarpon Eye Center.

Dentistry (Dr. Patricia Korvelas): Semi-annual cleanings ongoing, confirmed current.

ASSESSMENT

1. Type 2 Diabetes Mellitus (E11.9) - Suboptimally controlled; A1C 7.2%, target 7.0%.

Coordinating with Dr. Patel. Patient adherent to medication.

2. Essential Hypertension (I10) - BP 138/86, slightly above target of 130/80.

Continuing Amlodipine 10mg. Will consider addition of ACE inhibitor at next visit if BP remains elevated. Discussed sodium reduction.

3. Gout (M10.071) - Stable on Allopurinol 300mg. Last flare resolved January 2026.
4. Right Shoulder Rotator Cuff Syndrome (M75.111) - Stable. Conservative management.
5. Hyperlipidemia (E78.5) - LDL 138 per January 2026 labs. Patient is pursuing dietary modification before initiating pharmacotherapy. Agree to reassess at next visit. Discussed cardiovascular risk in context of diabetes and hypertension.
6. Obesity, Class I (E66.09) - BMI 31.2. Weight unchanged from last year. No weight loss medications discussed at patient's preference.

PATIENT EDUCATION

Discussed importance of daily blood pressure home monitoring during high season. Reinforced diabetic diet principles - especially carbohydrate awareness during Easter and holiday preparation periods. Encouraged structured 20-minute walk three times per week in addition to occupational activity.

PLAN AND FOLLOW-UP

- Lab results to be communicated by patient portal within 7 business days.
 - Return visit in 6 months (October 2026) or sooner for BP follow-up or new symptoms.
 - Ophthalmology appointment to be scheduled within 90 days.
 - All specialist relationships current. No new referrals required beyond ophthalmology.
- Provider Signature: Robert Chen, MD Date: February 26, 2026

NPI: 1639284752
