LESSONS FOR 2026

1. Move more shipping to UPS Ground. USPS crushed two boxes.
2. HGB-GF sold out fast. Increase GF box allocation to 18 in 2026.
3. Spiced brittle was the most-mentioned item in reviews. Do not change recipe.
4. Open House: close at 2 PM next year. Customers arrived after sellout.
5. Announce honey add-on at launch, not in November. Cost some add-on sales.
6. Start Klaviyo abandoned-cart flows by October 15. Did not activate until November 12 in 2025. Lost early-season cart flow.
7. Pre-order cut-off at December 5 worked well. Keep this date.
8. Limit USPS to lightweight add-on items only (brittle, honey). No full boxes.
