Vitals

Measure	Result	Prior visit
Blood pressure	138 / 88 mmHg	144 / 92 mmHg
Heart rate	74 bpm	78 bpm
Weight	211 lb	214 lb
BMI	29.4	29.8

Assessment and plan

Blood pressure is trending down from the prior reading but remains above goal. Continue the low sodium plan and the daily fifteen minute walk. We discussed the challenge of reducing salt given your work in the kitchen. Continue the daily multivitamin and fish oil. No new medication started today. Recheck at the annual physical.

Next appointment: annual physical scheduled for October 6, 2026 at 9:00 AM.

If your home readings stay above 150 over 95, call the clinic. For chest pain or shortness of breath, call 911.
