

WASHINGTON STATE PARKS AND RECREATION COMMISSION

Scientific Research and Collection Permit

Permit number:	WSP-SRC-2025-0417
Permittee:	Alex Santos
Affiliation:	Coastal Ecology Lab, Puget Sound Institute of Science
Principal investigator:	Dr. Sarah Lindstrom
Mailing address:	1504 South J Street, Apt 3B, Tacoma, WA 98405
Permit type:	Observational research, no specimen collection
Issued:	May 12, 2025
Valid period:	June 1, 2025 through February 28, 2026

1. Authorized activity

Fixed-transect quadrat surveys of rocky intertidal invertebrate communities, including abundance counts, percent-cover estimates, quadrat photography, and water and air temperature readings. All work follows the lab protocol SOP CE-04, version 2.1. This permit authorizes observation and measurement only. No organisms may be removed and no substrate may be disturbed beyond careful, temporary handling returned to its original position.

2. Authorized locations

Dash Point State Park and the designated southern Puget Sound shoreline access points listed in the approved sampling plan, including Owen Beach and Titlow Beach. Access is limited to public tidelands during posted park hours and within the predicted low tide window.

3. Conditions

- Carry a copy of this permit during all fieldwork.
- Use only the 0.25 m by 0.25 m quadrat with the 25 point string grid described in the sampling plan.
- Leave each site as found. Turn any overturned rock back to its original position.
- Time visits to the predicted low tide and prevailing conditions. Work the falling tide and leave on the turn.
- Do not collect, retain, or transport any plant or animal material.

4. Reporting

A short summary of survey dates, sites, and methods is due to the Stewardship Program within 60 days of permit expiration. Raw survey data remain archived with the Coastal Ecology Lab.

5. Renewal

This permit does not renew automatically. Submit a renewal request by October 2026 for any continued sampling in the 2027 field season.

Issued by the Stewardship Program, Washington State Parks and Recreation Commission, Olympia, WA.

Permittee acknowledgement: Alex Santos Date: 05/12/2025

This permit is valid only for the activity, locations, and dates stated above.
