Notes

Healthy 22-year-old graduate student. PCOS managed by OB-GYN (Dr. Tanaka), patient adherent to Yaz, inositol, vitamin D3, and a multivitamin. Exercises regularly (running, swimming). No tobacco, social alcohol only, no acute concerns today.

Plan

- Continue current PCOS management with OB-GYN.
- Routine labs unremarkable. Continue vitamin D3.
- Up to date on immunizations. Flu shot given today.
- Next annual physical due October 2026.

Counseling center contact information provided on request for deadline-season stress. Reach the office through the Tacoma Family Health portal.
