

United States Environmental Protection Agency

Section 608 Technician Certification

This certifies that the individual named below has passed the examination requirements under 40 CFR Part 82, Subpart F, for the handling of regulated refrigerants.

Technician	Ashley James Griffin
Certification Number	608U-AZ-118734
Certification Type	Universal (Type I, II, and III)
Date Issued	June 14, 2006
Issued Through	Cochise Technical Institute Testing Center
Status	Active, no expiration

Universal certification authorizes the holder to service small appliances, high pressure, and low pressure refrigeration and air conditioning equipment. This certification does not expire. The holder must retain this record and present it upon request when purchasing controlled refrigerants.

Authorized EPA approved certifying program. Keep this document with your professional records.
