- This summary is reviewed annually alongside the fleet insurance renewal.

6. Confidentiality

This document holds private financial and family information. It is not to be shared outside the named circle without explicit approval from Ashley Ward. Filed with personal records and referenced from the asset register X08.

7. Household and dependents

The household includes Ashley Ward, her mother Dorothy Ward in the attached apartment, and visits from the two adult children. Dependent care considerations are noted for orderly reference and are held privately.

Claudette Ward	Daughter	Beneficiary, secondary contact
Jean-Pierre Ward	Son	Beneficiary, fleet successor

8. Annual review checklist

- Reconcile asset values against workbook X08 and broker statements.
- Confirm the emergency and proxy designations are current.
- Review alongside the November fleet insurance renewal, see P01.
- Name estate counsel and complete the will when scheduled.

9. Document index

Related records are held across the artifact set. The asset register X08 carries the detailed asset values. The renewal summary P01 carries fleet coverage. The CPA letter P08 carries the tax schedule. The calendar export V01 carries the annual review date.

10. Storage and access

This summary and its supporting records are held in a secure personal folder in Google Drive and in paper form in the home file. Access is limited to Ashley Ward and, for financial matters, Max Delano. The emergency contact, Reginald Ward, knows where the paper file is kept.

Record	Location	Access
This summary	Drive and home file	Owner and CPA
Life policy	Northwestern Mutual	Owner and beneficiaries
Asset register X08	Drive	Owner and CPA
Will, when complete	Counsel and home file	Owner and counsel

11. Review cadence

This summary is reviewed once a year, in the same window as the November fleet insurance renewal, so that personal and business coverage are confirmed together. The next review aligns with the October 30, 2026 pre-renewal date noted in P01 and on the calendar export V01.

12. Final note

This is a working summary, not a legal instrument. Completing the will with counsel is the one open item. Until then, the emergency, proxy, and beneficiary designations recorded here govern, and they are current as of the date of this summary.
