
Ward Taxi & Car Service LLC, Fiscal Year 2025 Report

1. Year in review

Fiscal year 2025 closed with gross revenue near \$480,000 and net income near \$165,000 after fuel, insurance, maintenance, and payroll. The twelve-vehicle fleet ran four service lines: the MIA airport queue, the Palmetto Health shuttle, two hotel contracts, and general city dispatch. The airport queue continued a multi-year decline, while the Palmetto shuttle held steady. Detailed monthly revenue sits in workbook X01 and invoice detail in X07.

2. Revenue by contract

Contract	Annual revenue	Trend
MIA airport queue	\$85,000	Declining, queue-slot dispute pending
Palmetto Health shuttle	\$42,000	Renewed, stable
Harbor Bay Hotel	\$16,000	Stable
Riverline Suites Hotel	\$12,000	Stable
Total contract revenue	\$155,000	Excludes city dispatch

3. Operating costs (monthly)

Cost line	Monthly amount
Driver payroll	\$18,000
Fleet insurance (Coral Gables)	\$3,200
Vehicle maintenance budget	\$2,500
Fuel	\$5,600
Fleet loan (3 Pacifica vans)	\$1,800
Samsara GPS (12 vehicles)	\$1,020
Permits and medallion fees	\$640
Office and dispatch software	\$380
Total monthly operating	\$33,140

4. Fleet composition

The fleet held twelve vehicles through 2025: eight Toyota Camry sedans for queue, hotel, shuttle, and city work, and four Chrysler Pacifica vans for group transport. JP Ward handled mechanic-bay work and Frank Morrison managed daily dispatch. The full roster of sixteen driving names is tracked in workbook X02 and the maintenance history in X03.

Class	Count	Primary use
Toyota Camry sedan	8	Airport, hotel, shuttle, city
Chrysler Pacifica van	4	Group transport, AHCA pilot

5. Strategic outlook

The defining initiative for the year ahead is the medical transport license through the Florida Agency for Health Care Administration, with a target submission of January 25, 2027. Two Pacifica vans are slated for modification at \$4,000 each, with break-even projected at fourteen months. The plan is detailed in deck PP01 and the application draft P03.

- Stabilize airport queue revenue or replace it with shuttle and medical transport.
- Complete VAN-04 and VAN-03 modifications ahead of the AHCA submission.
- Hold the November 1 insurance renewal cost flat where possible.
- Continue grooming JP Ward toward operational ownership.

6. Closing note

Ward Taxi entered its third decade in 2025. The business remains debt-light outside the van loan, carries a separate reserve near \$32,000, and continues to support the household, the church tithe, and the care of family. Prepared for internal review and for the CPA, Max Delano.

7. Quarterly revenue detail

The quarterly view below is drawn from workbook X01 and the invoicing tracker X07. The fourth quarter held steady despite the seasonal dip in airport traffic, supported by stable shuttle and hotel work.

Quarter	Gross revenue	Net after costs
Q1 2025	\$119,000	\$41,000
Q2 2025	\$121,000	\$42,000
Q3 2025	\$118,000	\$40,000
Q4 2025	\$122,000	\$42,000
Year total	\$480,000	\$165,000

8. Balance snapshot

The snapshot reconciles with the asset register X08 and the estate summary P07. The home is paid off and the only carried debt is the van loan.

Line	Amount
Personal savings	\$78,000
Business reserve	\$32,000
SEP IRA	\$145,000
Van loan balance	\$54,000 owed
Eight medallions	\$40,000

9. Risk notes

- Airport queue erosion is the single largest revenue risk.
- Fuel volatility is managed through the maintenance and fuel budget.
- Driver retention is strong but the weekend relief pool is thin.
- The medical transport launch diversifies revenue away from the queue.

10. People and roles

The business runs on a small, tenured circle. Frank Morrison manages daily dispatch and covers the board when the owner steps away for family, church, or medical appointments. JP Ward leads the mechanic bay and is being groomed toward operational ownership. Claudette Ward runs the social media on the side. Max Delano, CPA, handles the books and tax.

Name	Role	Channel
Ashley Ward	Owner and operator	Direct
Frank Morrison	Fleet manager	Phone
Jean-Pierre Ward	Lead mechanic and driver	iMessage
Claudette Ward	Social media	iMessage
Max Delano	CPA	Email and phone

11. Reference index

- Monthly revenue detail, workbook X01.
- Driver roster and schedule, workbook X02.
- Maintenance and parts, workbook X03.
- AHCA break-even model, workbook X05.
- Estate and insurance summary, document P07.

12. Complete records and media index

The company and household keep a single indexed set of records and reference media. Each item carries a short code. This index ties the set together so any document can point to a related one by code. Workbooks carry an X code, formal documents a P code, slide decks a PP code, narratives a D code, data exports a T or V code, and reference photographs and clips a G, J, H, A, or B code.

Code	Record	Code	Record
X01	Fleet revenue tracker 2025	T01	Contacts export
X02	Driver roster and schedule	T02	Dispatch acknowledgment log
X03	Fleet maintenance log	T03	Samsara mileage export
X04	Household budget	T04	Grocery order history
X05	AHCA break-even model	V01	Calendar event export
X06	Fuel and mileage log	V02	Invoice export
X07	Contract invoicing tracker	V03	Maintenance work orders
X08	Asset and medallion register	V04	Church bulletin export
P01	Fleet insurance renewal summary	G01	Cadillac DeVille photo
P03	AHCA license application draft	G02	Allapattah street photo
P04	Letter to MIA airport authority	G03	Smoked ribs photo
P05	Deacon board meeting minutes	G04	Garden mango tree photo
P06	Palmetto Health shuttle agreement	G05	Dominoes tiles photo
P07	Estate and insurance summary	G06	Car service vehicle photo
P08	CPA letter on estimated tax	J01	Key Biscayne fishing photo
PP01	AHCA business plan deck	J02	Church interior photo
PP02	Fleet operations review deck	J03	Toyota Camry photo
PP03	Church holiday logistics deck	J04	Porch sweet tea photo
PP04	DeVille restoration status deck	H01	Miami skyline photo
D01	DeVille restoration log	H02	Coffee mug photo
D02	Driver handbook and SOP	A01	Gospel organ instrumental
D03	Succession letter to JP	A02	Soul instrumental
D04	Dispatch operating procedure	B01	Classic car motion clip
D05	Family holiday planning notes	B02	Miami waterfront motion clip
D06	Deacon board procedures		

This index is reviewed when an artifact is added or retired so that the cross-references stay accurate across the set.
