

Ward Taxi Medical Transport Initiative

Non-emergency medical transport through the Florida Agency for Health Care Administration. Target submission January 25, 2027.

Owner, Ashley Ward. Allapattah, Miami, FL. Prepared with Max Delano, CPA.

Why now

- Airport queue revenue has declined for several years.
- The Palmetto Health shuttle relationship is stable and trusted.
- Demand for wheelchair-assisted transport in Miami-Dade is unmet.
- Two Pacifica vans are ready to modify, units VAN-04 and VAN-03.

The plan

- Modify two Chrysler Pacifica vans for wheelchair securement.
- Add an insurance rider through Coral Gables before first trip.
- Train drivers on passenger assist and securement hardware.
- Submit the AHCA application on January 25, 2027.

The numbers

Item	Per van	Two vans
Modification cost	\$4,000	\$8,000
Net monthly contribution	\$1,260	\$2,520
Break-even	14 months	14 months

Full model in workbook X05. Application draft in P03.

Milestones

- Modifications complete and inspected before submission.
- Insurance rider bound through Coral Gables, see P01.
- Q4 estimated tax handled by January 15, 2027.
- Application submitted January 25, 2027.
- First revenue medical trip projected for spring 2027.

Ask and next step

- Confirm the modification vendor and schedule the bay time with JP.
- Hold the DocuSign signature for Ashley Ward after final review.
- Review this plan with Palmetto Health for expanded volume.
