

## Fleet Insurance Renewal Summary

### 1. Policy overview

This summary covers the upcoming fleet insurance renewal for Ward Taxi & Car Service LLC, owned by Ashley Ward and operated from the Allapattah yard at 7340 NE 2nd Avenue. The current policy period closes on October 31, 2026, with the renewal effective date set for November 1, 2026. The pre-renewal review is scheduled for October 30, 2026. Figures here mirror the binder uploaded by the broker and should be confirmed against the carrier portal before signing in DocuSign.

|                      |                                                    |
|----------------------|----------------------------------------------------|
| Insured              | Ward Taxi & Car Service LLC                        |
| Owner                | Ashley Ward                                        |
| Yard address         | 7340 NE 2nd Avenue, Allapattah,<br>Miami, FL 33138 |
| Current period close | October 31, 2026                                   |
| Renewal effective    | November 1, 2026                                   |
| Monthly premium      | \$3,200                                            |
| Annual premium       | \$38,400                                           |
| Broker contact       | Coral Gables Insurance Group                       |

### 2. Covered vehicles

| Unit   | Vehicle           | Year | Plate    | Assignment           |
|--------|-------------------|------|----------|----------------------|
| SED-01 | Toyota Camry      | 2021 | MDX 4471 | Airport queue        |
| SED-02 | Toyota Camry      | 2021 | MDX 4472 | Airport queue        |
| SED-03 | Toyota Camry      | 2022 | MDX 5510 | Hotel contract       |
| SED-04 | Toyota Camry      | 2022 | MDX 5511 | Hotel contract       |
| SED-05 | Toyota Camry      | 2020 | MDX 3380 | City dispatch        |
| SED-06 | Toyota Camry      | 2020 | MDX 3381 | City dispatch        |
| SED-07 | Toyota Camry      | 2023 | MDX 6602 | Palmetto shuttle     |
| SED-08 | Toyota Camry      | 2023 | MDX 6603 | Palmetto shuttle     |
| VAN-01 | Chrysler Pacifica | 2022 | MDX 7720 | Group transport      |
| VAN-02 | Chrysler Pacifica | 2022 | MDX 7721 | Group transport      |
| VAN-03 | Chrysler Pacifica | 2023 | MDX 8840 | Group transport      |
| VAN-04 | Chrysler Pacifica | 2023 | MDX 8841 | AHCA pilot candidate |

The fleet comprises eight Toyota Camry sedans and four Chrysler Pacifica vans, twelve vehicles in total. Unit VAN-04 is reserved as the first medical transport pilot candidate and will require an added rider once the AHCA modification is complete. See the break-even model in workbook X05 and the application draft P03.

### 3. Premium breakdown

| Coverage line                 | Annual amount |
|-------------------------------|---------------|
| Commercial auto liability     | \$19,800      |
| Physical damage and collision | \$9,600       |
| Uninsured motorist            | \$3,300       |
| Medical payments              | \$2,400       |
| General liability rider       | \$3,300       |

The annualized premium of \$38,400 equals the \$3,200 monthly figure carried in the household and fleet ledgers. Any rate adjustment in the new binder must be reconciled before the November 1 effective date and reflected in workbook X04 and the asset register X08.

### 4. Renewal checklist

- Confirm the per-vehicle premium against the carrier portal, not last year's number.
- Verify the driver roster matches the current sixteen-name list in workbook X02.
- Add the VAN-04 medical transport rider only after the modification passes inspection.
- Route the final binder to Google Drive, then close the broker portal.
- Hold the DocuSign signature for Ashley Ward after a final read-through.

### 5. Notes and history

The November 1 renewal cycle has run with Coral Gables Insurance Group for several years. The fleet loan covering three Pacifica vans carries a balance near \$54,000 at 5.2 percent and does not affect the premium. Maintenance is budgeted separately at \$2,500 monthly. Questions on coverage scope route to the broker by phone; financial reconciliation routes to Max Delano, CPA.

## 6. Covered driver schedule

Coverage extends to all listed drivers operating company vehicles. The roster below mirrors the current sixteen-name list maintained in workbook X02. Any addition or removal must be reported to the broker before the operator places a new driver behind the wheel of a covered vehicle.

| Driver ID | Name             | Assignment                 | License status  |
|-----------|------------------|----------------------------|-----------------|
| D-001     | Frank Morrison   | Fleet manager and dispatch | Class B current |
| D-002     | Jean-Pierre Ward | Mechanic and driver        | Class B current |
| D-003     | Marcus Reed      | Airport queue              | Current         |
| D-004     | Tomas Reyes      | Airport queue              | Current         |
| D-005     | Andre Beaumont   | Hotel contract             | Current         |
| D-006     | Patrice Joseph   | Hotel contract             | Current         |
| D-007     | Curtis Holloway  | City dispatch              | Current         |
| D-009     | Nadia Pierre     | Palmetto shuttle           | Current         |
| D-010     | Hector Salazar   | Palmetto shuttle           | Current         |
| D-011     | Wesley Crane     | Group transport            | Current         |

## 7. Claims and incident history

The operator carries a clean recent loss history. The summary below supports the renewal review and is provided to the broker for rating. A clean history supports holding the monthly premium near its current level through the next policy period.

| Period | Incidents | At-fault | Note                             |
|--------|-----------|----------|----------------------------------|
| FY2023 | One       | None     | Minor parking contact, no injury |
| FY2024 | None      | None     | No reportable incidents          |
| FY2025 | One       | None     | Windshield, comprehensive only   |

## 8. Glossary of fleet codes

- SED-01 through SED-08 are the eight Toyota Camry sedans.
- VAN-01 through VAN-04 are the four Chrysler Pacifica vans.
- Workbook X01 holds revenue, X03 holds maintenance, X08 holds assets.
- Document P03 is the AHCA application draft for the medical transport rider.

## 9. Renewal sign-off

This summary is prepared for the pre-renewal review on October 30, 2026, ahead of the November 1, 2026 effective date. The owner reviews the binder line by line, confirms the per-vehicle premium against the carrier portal, and signs through DocuSign only after that read-through. The broker holds the binder in the shared portal until the signature is returned.

| Step                 | Owner            | Target date             |
|----------------------|------------------|-------------------------|
| Pre-renewal review   | Ashley Ward      | October 30, 2026        |
| Premium confirmation | Broker and owner | October 30, 2026        |
| DocuSign signature   | Ashley Ward      | Before November 1, 2026 |
| Effective date       | Coral Gables     | November 1, 2026        |

Once bound, the policy period and premium are recorded on the calendar export V01 and the asset register X08. Any mid-year change, such as adding the VAN-04 medical transport rider, is reported to the broker before the vehicle enters medical service.
