9	Board Retreat logistics, October 30 to 31	Procedural	Odom	8:25
10	Adjournment	Procedural	Odom	8:30

Staff Summary, Item 5 and 6

The district faces a confirmed structural shortfall of \$4,800,000 for fiscal year 2026 to 2027, driven by declining state per-pupil funding and rising benefit and utility costs. The Superintendent recommends administrative consolidation paired with a facilities bond rather than reductions in teaching force. Consolidation reduces six administrative positions through attrition and restructuring, for estimated annual savings of \$1.9 million. The remaining gap is addressed through reserve drawdown and the bond program detailed in Item 7.

District profile: 22,000 students, 31 schools, 2,800 employees.

The board is reminded that the Mirai STEM state innovation grant application is due November 16, 2026, and the state site visit occurs October 28, 2026.
