Laboratory Results Report
2200 SW Riverside Parkway, Portland, OR 97201 | (503) 555-6700

Patient	Ayumi H. Meade
Date of Birth	November 12, 1975
MRN	RFHC-0044820
Ordering Provider	Dr. Linda Hayashi, MD
Specimen Collected	January 15, 2026
Reported	January 16, 2026
Fasting	Yes

Results

Test	Result	Reference Range	Flag
Hemoglobin A1C	7.2 %	< 5.7 % normal, 5.7 to 6.4 prediabetes	High
Glucose, fasting	138 mg/dL	70 to 99 mg/dL	High
eGFR	92 mL/min/1.73m2	> 60	Normal
Creatinine	0.84 mg/dL	0.59 to 1.04	Normal
LDL Cholesterol	104 mg/dL	< 100 optimal	Borderline
Triglycerides	142 mg/dL	< 150	Normal

Provider Comment

A1C improved from 7.6 percent at the prior visit to 7.2 percent, a meaningful step in the right direction. Continue metformin 1000 mg twice daily. Keep building on the dietary changes, more vegetables and lower sodium. Recheck A1C at the next scheduled visit, October 20, 2026. Annual diabetic retinal screening on file and clear.
