Patient: Charles McKay. Date of birth: December 14, 1958.

Address: 1462 County Road 6WX, Cody, Wyoming 82414. Telephone (307) 555-1001.

Visit date: March 11, 2025. Provider: Dr. Michael Ashford. Reason: annual physical.

Vitals

Measure	Result
Blood pressure	138 over 86
Pulse	68
Weight	211 lb
Height	6 ft
A1C	7.1

Current medications

- Lisinopril 20 mg, once daily, for blood pressure
- Metformin 500 mg, twice daily, for blood sugar
- Meloxicam 15 mg, once daily, for knee pain

Assessment and plan

Blood pressure remains slightly above goal. Continue current medication and home monitoring. Blood sugar is fair. The plan is dietary change, with less red meat and salt, and continued Metformin. Knee osteoarthritis is managed with Meloxicam. Knee replacement was discussed and the patient prefers to wait.

Goal: reduce weight by about twenty pounds over the year. Continue home blood pressure readings. Recommend annual vision and dental visits as scheduled.

Next appointment

Annual physical scheduled for March 10, 2027 at West Park Medical Center. Contact the office sooner if readings run high or new symptoms appear.
