Documents retained

- W-2 from Lionsgate Partners.
- W-2 from Montgomery College adjunct payroll.
- Form 1098-E student loan interest statement (see P09).
- Form 1098 mortgage interest: not applicable, renter.
- Childcare and dependent records.

Filing notes

Both returns were filed electronically. Keep this summary with the retained documents for at least three years. The taxpayer should confirm next year's withholding given the rent step-up and the steady adjunct schedule. The PSLF employment certification is due the following January and is unrelated to this filing.

Prepared by H&R Block , Silver Spring. This is a summary, not the filed return.

Planning notes for next year

A few items will shape the next filing. The rent step-up does not change taxable income but tightens monthly cash flow. The adjunct schedule is steady, and withholding should be reviewed early in the year to avoid a surprise either way.

Planning item	Action	Timing
Withholding check	Review both W-4 elections	Early in year
Retirement	Maintain 403b at the match	Each paycheck
Student loan interest	Keep the 1098-E	At year end
PSLF certification	Submit employer form	2027-01-29
Dependent records	Keep documentation	Ongoing

Recordkeeping

Retain this summary and the supporting documents for at least three years from the filing date. Store digital copies in a backup location. If any figure here differs from an employer document, contact the preparer before relying on it. The household budget workbook coded X01 carries the monthly view that supports these annual totals.
