

Commercial Crabbing License, Renewal Confirmation

Dear Captain Singleton,

This letter confirms renewal of your Maryland Tidal Fish License with the commercial blue crab authorization for the F/V Bay Runner, vessel registration on file. The license covers the harvest season of April 1 through November 30 and authorizes the gear and pot allotment recorded below. Keep a printed copy aboard the vessel at all times and present it on request to a Natural Resources Police officer.

1. License Summary

Licensee	John W. Singleton (Jack)
Vessel	F/V Bay Runner, 42-foot fiberglass deadrise, twin Cummins QSB 6.7 diesels
Home port	Slip 47, Annapolis City Marina
License number	MD-CC-4471-26
Authorized gear	Crab pots, registered float, 900 pot allotment
Season	April 1 to November 30
Master license	USCG Master 100GT No. 4418827

2. Registered Pot Allotment

Your registered allotment is 900 crab pots fished in strings of 150. Each pot must carry compliant cull rings and a degradable escape panel. Buoys must show your assigned color scheme and license number. The full string layout is maintained in your pot inventory workbook X06.

String	Set Area	Pots	Cull Rings	Status
A	Tolly Point	150	Compliant	Active
B	Thomas Point	150	Compliant	Active
C	Hackett Bar	150	Compliant	Active
D	Severn mouth	150	Compliant	Active
E	Whitehall Bay	150	Compliant	Active
F	Reserve	150	Verify before set	Shed

3. Annual Reporting Requirements

As a licensed commercial harvester you must submit monthly harvest reports through the DNR online system or the paper logbook. Reports are due by the tenth of the following month and must record bushels by grade, area fished, and effort in pots pulled. Your harvest figures for the prior season are tracked in catch log workbook X01 and reconcile to your dockside sales ledger X10.

Reporting calendar for the 2026 season:

Month	Report Due	Method	Status
October 2026	2026-11-10	Online	Pending
November 2026	2026-12-10	Online	Pending
Season close	2026-12-31	Annual summary	Pending

4. Gear Inspection

Your next annual pot and gear inspection is scheduled before the April 15, 2027 deadline. An inspector will verify pot count, cull ring dimension, escape panels, and buoy marking. Pots failing inspection must be corrected before they may be set. Schedule early in the off-season window to avoid the spring backlog.

- Confirm all 900 pots carry compliant cull rings of 2 and 5 to 16 inch minimum.
- Verify degradable escape panels on every pot.
- Re-mark any faded buoys with license number and color scheme.
- Bring license number MD-CC-4471-26 and vessel documentation to the inspection.

5. Fees and Payment

Item	Amount
Tidal fish license base	\$300.00
Commercial crab authorization	\$50.00
Pot allotment surcharge	\$25.00
Total paid 2026-01-05	\$375.00

Payment was received in full by check drawn on Annapolis Maritime Bank business checking. No balance is due.

This confirmation is generated for the licensee record. Retain with your vessel documents and tax records. Questions on harvest reporting should be directed to the Licensing Division.

Sincerely,

Licensing Division, Fishing and Boating Services

Maryland Department of Natural Resources

Appendix A. Harvest Reporting Quick Reference

This appendix is a working reference for the licensee. Detach and keep aboard the Bay Runner with the license copy. Harvest figures reconcile to catch log workbook X01 and dockside sales ledger X10.

Field	What to Record	Where Tracked
Date fished	Each trip day	X01
Area	Set area by string	X06
Bushels by grade	No.1 and No.2 jimmies	X01
Effort	Pots pulled	X01
Disposition	Wholesale and dockside	X10

Appendix B. Compliance Checklist

- License copy aboard and legible.
- Buoys marked with license number MD-CC-4471-26 and color scheme.
- Cull rings and escape panels on every pot.
- Monthly harvest report filed by the tenth.
- Inspection scheduled before April 15, 2027.

Retain this packet with your vessel documentation and tax records for Frank DiMaggio.
