

Bay Runner Crew Briefing

Operations and deck safety, 2026 season

Daily Routine

- Dock by 4:00 AM, gear and fuel check before lines off.
- Run the strings in order, A through F, log bushels by grade.
- Hydraulic puller for every string, no manual heavy lifting.
- Catch logged to workbook X01 at the end of each trip.

Deck Safety

- PFD or work vest on deck, no exceptions in rough water.
- Keep the deck clear of lines, watch footing on the wet stern.
- Mind the puller pinch points and the hauling line.
- Full procedures in the crew handbook D02.

Roles

- Tommy Novak, first mate, runs deck and culls.
- D.J. Johnson, sets and baits, grooming toward mate.
- Mike Rawlings, culls and handles dockside customers.
- Patrick, summer deckhand, learns the strings.

Weather and Emergencies

- Check the marine forecast before lines off, respect advisories.
- VHF 16 for hailing, 68 for working with other captains.
- Man overboard drill at the start of the season.
- EPIRB and first aid kit locations known to all crew.

Pay and Conduct

- Day rates and pay periods tracked in ledger X02.
- Show up on time, work the water clean, respect the boat.
- Customer days on charter, be sharp and friendly.
- Questions to Jack or Tommy, anytime.
