Regarding	Estate of the late Tyrone Martin
File reference	RL-2026-0418

Dear Mr. Martin,

I am writing to confirm our review of the recent inquiry from a relative of your late husband regarding a claimed interest in the estate. Based on the executed documents on file, including the will and the beneficiary designations, there is no legal basis for the claim. No payment is owed, and no action is required on your part at this time.

Our office holds the original signed documents, and your daughter, Kayla Martin, remains the holder of your durable power of attorney. Should the same party contact you directly, please refer them to this office and avoid discussing the matter with them yourself.

Keep a copy of this letter with your records. Please call if you receive any further written demand, and we will respond on your behalf.

Sincerely,

Donna Reeves
