Note on the pharmacy line: the Whitehaven Walgreens fills the latanoprost prescription on a quarterly cadence. Loretta is on an eight-week eye specialist cycle at Clearview Vision Center in Germantown; the pharmacy cycle and the specialist cycle do not align, so a bookkeeper who only watches the pharmacy line will under-count the doctor-office cadence.

Medical visits

Invoice date	Invoice #	Provider	Reason for visit	Amount
Apr 22, 2026	AR-1187	Dr. Anita Redmond, MD (geriatrics)	Annual geriatric workup with knee assessment	USD 300.00
Medical subtotal (1 visit)				USD 300.00

Bookkeeper's caveat to Kristen (important)

This roll-up captures ONLY the invoices routed through my books. It is a PARTIAL view. Any out-of-pocket spending you covered directly on your own card or in cash is NOT included here. In particular:

Out-of-pocket category NOT in this ledger	Reason it is missing
Grocery runs for Loretta in Whitehaven	Rung on your Regions checking card, not billed
Pharmacy pickups paid on your card in-store	Same-day pickups not routed as a Walgreens invoice
Gas for the drives to Whitehaven and Germantown	Personal vehicle expense, not billable
Extra items (adult undergarments, shower chair, magnifier)	Big-box purchases on Kristen's card
Meals delivered on hard days	Personal expense, not a care-services invoice

Please reconcile against your own Regions Bank statements for the full year picture. The Plaid feed on your side is the authoritative monthly rate for Loretta-direct out-of-pocket. My books show the invoiced portion only.

Annualized outlook (bookkeeper's projection)

Line	10-month actual	Projected Nov+Dec	Projected full-year (bookkeeper view)
Companion care	USD 1,200.00	USD 240.00	USD 1,440.00
Prescriptions	USD 450.00	USD 150.00	USD 600.00
Medical visits	USD 300.00	USD 0.00	USD 300.00
Total (bookkeeper view only)	USD 1,950.00	USD 390.00	USD 2,340.00

Reminder: the projected full-year figure above is still a partial view. Your own bank feed is the trusted source for the full combined care burden.
